FIRING SQUAD FOR PRICE FIXERS

Organized Labor Threatens That Very Thing—President Wilson Asks Congress For Additional Food Power—The Wire News of World, Nation and State Boiled Down.

WASHINGTON, Aug. 6.—Some sharp views of leaders of organized labor on economic problems were developed at the hearing today before the House Interstate Commerce Committee on labor's plan for the reorganization of the railroads.

Warren S. Stone, grand chief of the Brotherhood of Locomotive Engineers, said labor might advocate a firing squad for profiteers, and declared that unless Congress found a solution of the high cost of living problem within a few months America would see "its very worst period."

MAYORS OF COAST TO TAKE ACTION

A conference of mayors and other public officials of the entire Pacific Coast may be called to consider concerted action toward reducing the high cost of living.

BATTLESHIP OREGON COMING TO FIESTA

BREMERTON, Wash., Aug. 6.—Orders from Washington received (Continued on Page 3).

BOOSTS AND SMILES

Some wireless talk is not only wireless but fake. We are all diamonds, of course, but not flawless. Dan Cupid and Eugenia don't seem to hitch. The devil works hard to get men he's welcome to. Solomon supported a lot of wives and lady friends. Don't scratch a match and start a fire you can't put out. Which do you cultivate—principles or prejudices? Most everything truly good is inclined to be dull. Desire and opportunity knock out virtue. In the V-shaped bodice the V stands for view. We notice that most bills are dun-colored.

DAMNABLE OUTRAGE TO EVERY CITIZEN

WASHINGTON, Aug. 6.—Forty per cent of the record-breaking exports during June, 1919, were foodstuffs, having an aggregate value of \$356,000,000, it was announced today by the Department of Commerce.

The above dispatch tells two-thirds of the story of the high cost of living our people are suffering from. It is the government's own fault and ought to be stopped and stopped quick.

After all is simmered down, the real trouble lies in the fact that our government is lending billions of dollars to foreign countries. They in turn bid up the price of foods and manufactured goods and every necessity to abnormal prices, paying the same with the money we are turning out to pay double price for everything on account of these foreign exports.

700 BOLSHEVISTS THROWN IN JAIL

TRIESTE, Aug. 5.—A group of Bolsheviki appeared on the streets here today and attempted to start rioting. The disturbers, however, were dispersed by the police with the assistance of the population. As the result of the demonstration 700 arrests were made.

'BLACKHANDS' COMMIT OUTRAGE

Dante Lodge Hall at Martinez Completely Wrecked by Vandals Who Leave Black-hand Threats of Death—Mystery Surrounds Work of Scoundrels, Evidently Foreigners.

The first evidence of "black hand" work in this county came to light yesterday at Martinez, when it was found that the interior of the local Dante hall on Las Juntas street had been wrecked and a loss of several hundred dollars incurred by the various organizations using the building.

A large piano had been damaged to such an extent that it is doubtful if it can be repaired. The top of the instrument was taken off, the wood work damaged and the ivory keys broken. Several desks in the room were thrown into the center of the hall, broken in pieces and all of the records and other valuables either torn in pieces or thrown about the room.

On a table in the center of the room was found a scrap of paper on which was written in a scrawley hand and almost illegible the words: "Who enters here on the 15th of Aug. will be shot," signed "Captain of the black hand" with a black hand drawn out.

Every locker in the building in which lodge effects and regalia are kept had been pried open and many

COUNCIL TIE VOTE ON WOOD AND GARDNER

At the mid-week meeting of the City Council last night a vote was taken upon the seven applications for the appointment to the position of chief of police, resulting in a tie vote between Wood and Gardner.

Councilman Watson is away in Missouri on account of the serious illness of his father, and the remaining members of the board voted four and four on the two above applicants, all others being eliminated after a few test votes.

HELP TO NAME RICHMOND U. S. SHIP

Richmond, Because of Honor In Being on High Liberty Bond List, Has Privilege of Naming Vessel, But Has No Name To Offer—Suggestions Wanted From Citizens.

Because of the splendid record Richmond made in "going over the top" on every Liberty Loan and over subscribing them, it was accorded by the government the privilege of naming one of the U. S. ships being made and launched on this coast.

The rub is, what shall the name be? Charles Gray, of the First National Bank, who took a leading part in all the loan drives, has been called on by the government to furnish the name, and he would like our citizens to make suggestions, to the end that a suitable name may be selected for the Richmond ship, one that will be of benefit in an advertising way for our city.

The rules relative to the selection of a name make the problem difficult. "The Richmond," of course, would be best, but a vessel already has that name, and this name must be something that no other ship bears. There is also a ship called "Contra Costa," so that won't do, and this is not a county matter, anyway, but purely a Richmond matter.

The name of a person can be used, provided the person is dead.

DAILY LOCAL LAFF

"Shorty," as everybody in town knows him by, is a sort of track foreman for the local street car company, and has been for years. He is Italian and looks to be about four feet high. Yesterday he met Judge Hannum on Macdonald avenue and asked for legal advice, as follows: "I lik to know bout bring suit on de city fer damage." "What's the damage about, Shorty?" "Vel, Mayor Long and de city dey build de sidewalks too high—only bout two foot, from my coat-tail."

Charley Russell (over the phone): "Is this the Office Taxi?" McDevitt: "Yes, whatch want?" "Is the driver around?" "What driver?" "The screw-driver!"

DISASTROUS FIRE WRECKS BANK HALL

Last evening at 7 o'clock a fire was discovered at Bank hall, upstairs over the Mechanics Bank, with volumes of black smoke pouring out of every window. A hurry-up fire alarm was turned in and within a few minutes the fire ladders were busy, some dashing up the stairs and others putting up ladders and entering the upstairs windows through the smoke, with inhalers in their mouths. It was discovered that the fire originated in a back room of the big lodge hall, or loanto, where plunder of various kinds has been kept, and it quickly communicated to the larger room. The flames were quickly extinguished, but damage from smoke and water was considerable. At one time it looked like the bank and the drygoods store below were in danger, but the fire department did good and quick work.

The loss is mostly to carpets, hangings and furniture, all of which is covered by insurance. A number of secret societies, including the Masons, used the hall as their place of meeting.

The American Legion will meet at 322 Sixth street today. Matters of importance will be discussed and all ex-soldiers, marines and sailors are requested to be present.

U.S. LAW GRABS BIG FIVE PACKERS

Sugar Pirates Under Arrest at Pittsburg — Attorney General To Immediately Prosecute All Food Trusts and Profiteers To Full Limit of Law—President Demands It

WASHINGTON, Aug. 6.—Anti-trust suits against the five big meat packers will be instituted immediately by the Department of Justice.

Attorney General Palmer announced that the evidence before the Federal Trade Commission and committees of Congress indicated a clear violation of the anti-trust laws—and that he would "prompt action accordingly." The packers involved are C. & Co., Armour & Co., Morris & Co., Cudahy Packing Company and Wilson & Co. Palmer declined to say whether criminal or civil suits would be instituted, but said the law made provision for both. He would not say in what jurisdiction the suits would be brought.

Sugar Barons Pinched

PITTSBURG, Aug. 6.—Warrants were issued this afternoon for the arrest of three officers of the Pittsburg branch of the Central Sugar Company of Chicago, charged with profiteering. The informations, which were sworn to by Special Agent Edgar J. Speer of the Department of Justice, charged that the company during the last two weeks sold sugar at 14 cents a pound wholesale.

Prosecution Immediately

WASHINGTON, Aug. 6.—All district attorneys in the United States were ordered today by Attorney General Palmer to proceed immediately in the prosecution of persons guilty of hoarding foodstuffs and to label the foodstuffs for condemnation.

"This is the most important business before the country today," Mr. Palmer said, in announcing his action. "I propose to have the law enforcement machinery of the government sidetrack everything to this job."

Well Known Woman Drops Dead

Mrs. Louise Krundick, 218 Bissell avenue, wife of H. H. Krundick, superintendent of the asphalt plant at the Standard Oil, dropped dead while shopping in an Oakland department store at noon yesterday.

She had attended a whist party of the Native Daughters Tuesday night and seemed apparently well.

Mrs. Krundick was popular in fraternal and club circles, being a member of the N. D. G. W. and other organizations. Her remains are at the Wilson-Donnelly parlors. Mrs. Krundick is survived by her husband and a son, A. W. Krundick 673 Tenth street, and a daughter, Mrs. J. C. Nichols, living on Twenty-first street.

Heart failure is thought to have been the cause but an autopsy will be held to determine that. At the time of the tragedy Dr. Freeman was called, but life was extinct before he arrived. The remains were taken in charge by the coroner of Alameda county, Grant D. Miller, and later brought to Richmond. The family have the sympathy of the entire community.

ANOTHER RAW DEAL

One of the worst grinding octopuses of our modern civilization that is now under surveillance is the Pullman Palace Car Company, and it is going to be made to correct its ways, realize that the traveling public has a few rights that it must respect, and that the people as a whole were not created by an all-wise father and put here on this earth for the express purpose of coughing up sixty millions per annum dividends for the descendants of old George M. Pullman. Glory be! If there is any one corporation that needs correcting and a swat under the left ear it is that same Pullman corporation, and many it get what is coming to it.

In addition to digging up the sixty millions annual dividends to this outfit, we, the dear people, of which most of us are more or less related to the rank sucker, also have to produce a dollar extra for the conductor for the berth we reserved a week ago, but which by some hocus-pocus had been given to somebody else. Then we undress supported on knees and elbows, and finally wear ourselves out into a delirious nightmare on a 2x6 shelf, between blankets whom Lord only knows who slept under the night before, and on a pillow stuffed with chicken wings, bones and all. In the a. m. we bow humbly and submissively to the autocratic will of a half-paid conductor and a porter not paid at all, and produce our large-sized tip to contribute toward the support and maintenance of their families, who otherwise would starve to death for all the Pullman outfit cared two cents.

If the prayers of the traveling public cut any ice whatever at heavenly headquarters up above, and it is to be presumed that they do, then the bloated and billious stockholders of the Pullman lead pipe cinch will get what is coming to them when this blessed Wilson administration steps down and out. They ought to be sentenced to ride ten straight years, day and night, in one of their own upper berths.

FRECKLES ON THE FACE OF ART

The disfiguring billboards all over the cities and country should be torn down. The idea of the city beautiful or the country beautiful in connection with these monstrous and ugly signboards sticking up everywhere into nature like a sore thumb on a frosty morning is preposterous. On one lot is erected a fine building and on the next flaring and glaring announcements of Dr. Quack's Gizzard Searchers and Liver Regulators hit one in the face. Beautiful residences are surrounded by red ink contortions announcing that some faker will pull your leg painlessly at so much a pull. The magnificent God-given scenery of the surrounding country is blurred and blotched like pimples on a pretty woman's nose with loud screams to "Eat Jones' Baled Hay Biscuits," "Drink Muggs' Mussed-up Mustard Juice," "Wear Dobbs' Dudads for Political Propaganda," and "Chew Boileriron Plug." Wah!

THINKOGRAPHS

The men who voted against the suffrage amendment voted against the right of women to vote, and to continue the privilege to thousands of alien enemies and other declarants who escaped military service because they were not naturalized citizens.

Some of these politicians who are airing their views in the newspapers are so full of gas that if they should fall into San Francisco bay they wouldn't sink.

California farmers are now worrying and wondering where on earth they are going to find buildings half big enough to put the crops in. Luckily the climate here does not make buildings necessary for man, beast or product more than three or four months of the year.

It is said 80,000 soldiers still overseas have notified the government they want to acquire farms. Noble boys! Not only the saviors of the country against the terrors of war, but also against the deadly perils of peace.

We don't see any reason why there should be a coal shortage next winter. If the government is so infernally sure that there is going to be one, why does it not take steps to prevent it now? What's the matter with opening up some of the many thousand acres of government owned coal land. Surely Uncle Sam could easily add coal mining to his other activities. True, it might work a hardship on the poor coal monopolists, and perhaps that is the reason. This broadcast advertising of a threatened shortage will be nuts for the coal dealers.

The fight between the wets and the dries is on in earnest. The victory is not won yet, tho it is assured. The wets have a billion dollars to fight the dry laws in the courts and money can buy brilliant attorneys, and we know what strange court decisions are handed down. There may be some reverses the dries will suffer, but the end will be national and in time world prohibition.

TRAGIC DEATH OF CROCKETT CITIZEN

Richard Molesberger, for many years an employee of the C. & H. sugar refinery of Crockett, and one of the best known citizens of that town, was killed Monday by a fall over a cliff while hunting in Mendocino county.

Molesberger left several days ago to spend his vacation hunting. Monday he missed his footing and tumbled from a cliff, sustaining a broken neck. He was found later by friends in his party and the remains were brought to Crockett. The funeral took place there yesterday, interment in Sunset View cemetery.

Molesberger was a prominent member of the Knights of Pythias, under whose auspices the funeral services were held.

He leaves a wife and two children. He was 43 years old.

"Barefoot Burglar" Is Turned Loose

David Cox, colored, burglar suspect, was released by Judge C. A. Odell yesterday on the motion of District Attorney Janning, on grounds of insufficient evidence.

Cox was arrested in Oakland several weeks ago on a charge of being the "barefoot burglar" who is supposed to have robbed dozens of houses in this and other cities of the East Bay. His shoes and finger print which were found on various places were submitted as testimony and identified, but they alone were not considered enough testimony to convict him.

CONGRESS IS AFTER SHOE PROFITEERS

WASHINGTON, Aug. 6.—The high price of shoes was declared to be due to excessive profits taken by every factor in the shoe production industry in a report by the Federal Trade Commission to Congress, made public today. The packers were charged with having begun the pyramiding of shoe prices by an unwarranted increase in the price of hides, the supply of which they were said to control. On top of this the tanners have taken "exceptional profits," while the shoe manufacturers have demanded an "unusual margin" and the retailers have charged prices that are "not justifiable."

Charges of excessive profits against the tanner and the shoe manufacturer were supported by "the high rates of return on investments" in both industries following the price increases.

"The public," said the report, "had to pay prices for shoes that not only could not be justified because retail shoe dealers took too much profit, but because the dealer had to pass on to the consumer the excessive profits received by the tanners and shoe manufacturers."

Some relief from the intolerable prices paid by consumers for shoes may be had, the commission said by—

One—Rigid enforcement of the laws against monopolistic control of commodities.

Two—Legislation forbidding producers of hides engaging in the tanning business, and

Three—Adoption of a device in the distribution of shoes that will acquaint the consumer with the selling prices of the manufacturer.

Blackhanders Commit Outrage

(Continued from Page 1.)

Of the beautiful pieces of wearing apparel had been torn and thrown about the room. Obscene phrases were written upon the walls of the place and all of the in bottles which could be found had been emptied on the carpeted floor.

On one place a circle had been described on the floor and in the center a cross made out of cubes of sugar had been arranged.

The lodge members and officers are at a loss to understand the meaning of the work.

Don Williams, finger print expert of the sheriff's office, made an investigation and found a number of finger prints but other than that there is no clue to the guilty party.

Council Tie Vote

(Continued from Page One)

No other business of special interest was transacted. As the matter now stands it will be up to Councilman Watson to settle the question as to who will be Richmond's next chief of police, and no one knows how he stands upon the matter, as he has been away for some time. He is expected to be home shortly, possibly by the next meeting night.

Many thought the job lie between Cox and Werda, but this turned out to be a poor guess.

Help Name Ship

Just why a live man's name cannot be used is not evident, but such is the rule.

Thus you cannot call it "The Smith" if Smith happens to be yet alive, but you can call it "The Jones," if Jones is dead.

Suggestions for an appropriate name will be received by the News, or they can be mailed or handed to Mr. Cray direct.

Put on your thinking cap, now, and help do out a name that will make the world sit up and take notice. If you have any originality, here is a splendid opportunity to use it.

BAPTIST LADIES DRINK SOME TEA

The Baptist ladies of the parish out toward San Pablo gave one of their justly famous Teas yesterday afternoon, and a large congregation of women from far and near gathered to partake of the goodies and enjoy a social time, as they always do when this Ladies' Aid entertains.

The "Tea" was held at the new home of Mrs. James A. Powell, a nine 8-room structure which "Jim" has bulidied at odd times himself between Standard Oil shifts.

Mrs. Sisson is president of the Ladies' Aid of this church, and Mrs. McCausland, secretary. They are to have a big dinner in the new church hall in two weeks, to which the whole world is invited—and ought to go, if it knows good eats from otherwise.

Good Time Social Tomorrow Evening

A Good Time Social is to be held tomorrow evening, Friday, August 8th, at the First M. E. church. The members of the Epworth League and all their friends are cordially invited, and a hearty welcome will be extended to all who care to attend. Admission will be free. There will be lots of fun and a general good time.

Fill the body with warm, glowing vitality, make the nerves strong, increase circulation, restore natural vigor, feel like one born again. Holister's Rocky Mountain Tea—nature's gift of wondrous herbs, pure, harmless, so scientifically blended, results guaranteed or money back. —Lang's Drug Store.

SHOE PROFITEERS ROBBING EVERYBODY

Here are the official figures proving that the Leather Trust and big shoe manufacturers are robbing and plundering every man, woman and child in the United States, and deserve nothing short of penitentiary.

Appearing before the House Rules Committee to urge that his resolution directing the Federal Trade Commission to investigate the price of shoes has made a special business of the House, Representative Igoe, Democrat, Missouri, said prices of shoes had increased from 78 per cent to 125 per cent in the last three months, as compared with the prices of the last ten years.

He also read a statement of the National Boot and Shoe Manufacturing Association, issued July 31, at Boston, which said shoes to be sold next spring must bring still higher prices, based on the present established prices of leather and labor. Igoe presented a statement which placed net earnings of the Central Leather Company for the quarter ended June 30, last, at \$4,239,345, and told the committee this was an increase of more than 100 per cent over the preceding quarter and a gain of 99 per cent over the corresponding period of 1918.

Thus it is shown by their own sworn statements that this private outfit is paying dividends amounting to over \$4,000,000 every three months, or about eighteen millions a year, and yet have the crust to say their robbing prices on shoes are just and reasonable.

When burglars, pickpockets and porch climbers are arrested and jailed, why is such a lot of thugs and thieves as this allowed to continue picking the pocket of every American citizen?

Are the lawmakers and officials getting a rake-off? It certainly has that appearance.

Mary In Aircraft At The Richmond

Mary Pickford has come into her own. She has done a military picture—"Johanna Enlists"—for Artcraft, and used in it her own beloved boys of the 143rd Field Artillery, of which she is godmother. Could anything be finer? And Mary, you know, is Colonel of the 143rd—Honorary Colonel Mary Pickford!

The picture is showing at the Richmond theatre for the last time today and if you miss it, we are told, you will miss a veritable treat. There is humor, pathos and the daintiest of love stories in the film, which William D. Taylor directed and Charles Rosher photographed.
